INSTRUCTIONS AND PARTS LIST

A NOTE ON SAFETY

We have done all we can to assure this press offers the utmost safety. But you have to do your part. No amount of warnings can take the place of your good judgement. So make sure it's the first thing you bring to any job. Beyond that there are some obvious tips

- # Always Check machine before use to ensure there are no damaged or loose parts,
- # Steel and other materials can shatter, so always use protective eyewear that applies to state WHS regulations
- # If you detect anything that may indicate structural failure stop using the press immediately and inspect it thoroughly.
- # Bolt the press to a suitable bench if it is to be used for bulky or unstable items.
