ASSEMBLING of Feet

STEP 1: Attach the feet brackets (B) to the base of the cabinet (A) and fix into place with screws (C) as shown below.

DRAWER ASSEMBLY

STEP 1: Insert drawer dividers (F & G) into the corresponding drawers (D & E) as shown below.

STEP 2: Slide apart the drawer slide sets (J) by pushing up or down on the plastic release levers (J2). Now attach brackets (J2) into slots on both sides of drawers (D & E) and fix in place with 2 screws (H) on each bracket (J2) as shown below.

STEP 3: Insert the drawer slide brackets (J1) into slots on at desired height on both sides of cabinet body then fix in place with 1 x screw (H) per bracket (J1). Insert the lock bracket (I) into the slot above the drawer slide bracket (J1) and fix with screw (H). Height of bracket (I) is adjusted with the size of drawers.

DRAWER ASSEMBLY Cont...

STEP 4: Extend the drawer slides (J2). Insert the brackets on each side of the drawer into the slots on the slides (J1), being careful that they are properly positioned. Once properly inserted, completely close the drawer to set the slides in their proper positions.

MACHINERYHOUSE

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.
